

PREMIUM USED OCEAN ROWING BOAT RX45

INFORMATION MATERIAL

**LOOSE EQUIPMENT AND BOAT
UPGRADES IN 2026**

VALUE £15.000
(FREE AND INCLUDED IN PRICE)

RANNOCH ADVENTURE

The RX45 is a longer, sleeker, faster and lighter carbon fibre version of the R45.

The RX45 is the best boat for a 3-5 person crew to row the big oceans.

Seller's comments on the Boat

We have greatly enjoyed the Rannoch RX45, which we brought from England to Denmark back in 2024.

In December 2026, we will be participating in the World's Toughest Row, rowing 3.000 miles across the Atlantic Ocean. We are truly looking forward to this experience and to seeing what the boat is truly capable of when we face the open ocean.

In particular, the team captain, Mikkel, is very impressed with the boat. There are significant differences and extensive preparations compared to the standard R45, in which Mikkel rowed across the Atlantic at the World's Toughest Row back in 2019.

As former soldiers and police officers, we have a strong attention to detail and a focus on maintenance—skills we developed through our professional careers.

TEAM CAPTAIN
